Motto

Nurturing young roots for a brighter earth.

Mission

To nurture confident, self-reliant learners who are well-equipped for the next stage of their educational journey through a balanced blend of academic excellence, moral values, and holistic development.

Vision

To shape each child into a unique individual enriched with values, creativity and adaptability - ready to thrive in the evolving world of Generation Beta.

Curriculum Overview

We provide a rich and diverse curriculum that supports holistic development across all learning domains :

English – Language development, phonics, vocabulary, speaking, and early writing skills.

Mathematics – Number concepts, shapes, patterns, and problem-solving through play.

Hindi/Bengali (in UKG) – Introduction to regional and national languages.

Music – Songs, rhythm, and auditory skill development.

Art & Craft – Fine motor skills and creative expression.

General Knowledge (G.K) – Awareness of the world, nature, and surroundings.

Physical Education (P.E) – Movement, coordination, fitness, and play.

Dance & Drama – Expression, rhythm, and confidence building.

Value Education – Lessons in kindness, honesty, respect, and cultural understanding.

Assessment is conducted in a playful, non-stressful manner through observation, activities, and skill-based tasks-ensuring a holistic understanding of every child's progress.

To keep parents informed and involved :

Parent-Teacher Meetings (PTMs) are held at defined intervals to discuss your child's growth, strengths, and areas of support.

Two-way communication is encouraged so that both educators and parents work as partners in the child's development.

We believe that parental involvement is key to a child's success, and we ensure open, transparent, and ongoing interaction throughout the academic year.
